Adding Dealer Billing Charges

Based on the Billing Codes references on the Monitoring Types created within the Supervisor Workstation the **Billing Charges** require creation on the individual Dealer records.

Creating Billing Charges on a Dealer

1. Load the **Dealer**.
2. Navigate to **Billing**.
3. Click the **Plus Sign** (⯀) to the right of **Billing Charges**.
4. Select the **Billing Code**.
5. If required, tick the **Recurring Service**.
6. **Enter the appropriate values**.
7. Repeat for Add, Signal Overage, and Time, as needed.
8. When done, click **Done**.
9. **Repeat** as needed for any Dealer billing items.
10. **Save** (⯀) the Record.
