Monitoring Company Reports

Scheduled reports for the Monitoring Company reports are created within the Monitoring Company reports. Some examples of common Monitoring Company reports are:

- **Monthly Signal Counts**
- **Audit Trail Reports**
- **Handled Signals by Operator**
- **Alarm Response Times**
- **Operator Statistics**

See the section-specific reports articles for information and specifics about the reports.

The available scheduled reports on the Monitoring company display on the Reports form in the Monitoring company record.

◾

See the Schedule a Report guide to create or schedule a report.
