

Alarm Detail by Alarm Number

The **Alarm Detail by Alarm Number** report allows you to produce a single report for a specific alarm. This is used often when you have to provide this information to a reporting authority or for a legal proceeding.

Finding the Alarm Number

1. Locate and load the customer with the activity.
2. Navigate to or search for the alarm for the event to report.
3. Double click the alarm line.

This produces the Activity log details and the Alarm Report.
