The Authorities have an Option called "Permit Required" which this report checks to produce its exceptions.

# Report Parameters

- **Customer ID** - Which customer, or customers, to include in the report. Please note, that the report server searches the database numerically if you are searching for a range.
- **Customer Name** - Which Customer Name, or Names, to locate. This is rarely used alone and will load with the customer name values after selecting the Customer ID.
- **Dealer ID** - Which dealer, or dealers, to include.
- **Branch ID** - Which branch, or branches, to include.
- **Group Code** - Which Group code, or codes, applied to accounts, to include.
- **Class Code** - Which Class code, or codes, applied to the accounts, to include.
- **Authority ID** - Which authority, or authorities, to include.

- **Monitoring Status** - Selection of which account status, or statuses, to include in the report results.
    - **Pending** -New Deactivated accounts, not yet Activated.
    - **Inactive** - Accounts not currently monitored but activity logging to the account.
    - **Active** - Accounts currently monitored.
    - **Deactivated** - Accounts that are not monitored with no activity logging to the account.
- **Authority Types to Include** - Filters the report results to the selected authority type(s).

# Options

The the Options allow selection of the grouping and ordering of the data.

# Advanced

The advanced selection allows the filtering by address or User Defined fields.
