

# Access Control Card Formats

The Access Control Card Formats report returns the details of the configured Access Control cards configured within Manitou. This report is used for those systems licensed, and integrated, Access Control features.

The screenshot shows a report titled "Access Control Card Formats" with the subtitle "Access Control Cards Formats report." Below the title is a progress bar with two blue dots. The first dot is labeled "MAIN" and is highlighted with a blue box. The second dot is labeled "DISTRIBUTION". Below the progress bar, the report content is displayed in a table format. The table has two columns: "From" and "To". The first row shows "Format Number" with the value "0" in both columns. The table is partially obscured by a horizontal line.

	From	To
Format Number	0	0

At the bottom of the report, there are several navigation options: PREVIOUS, NEXT, DISPLAY NOW, DOWNLOAD (PDF), DOWNLOAD (RTF), and SEND EMAIL.

## Report Parameters

Format Number from and To numbers.
