

Event Categories

The **Event Categories** Master File report returns the Event Categories listed in Manitou with their specific category details.

The screenshot shows a web-based report interface for 'Event Categories'. At the top left, the title 'Event Categories' is displayed in blue. Below it, the text 'Event Categories report' is visible. A progress indicator consists of a horizontal line with two blue dots; the first dot is above a box labeled 'MAIN', and the second dot is above the text 'DISTRIBUTION'. Below the progress bar, there is a table with two columns: 'Title' and 'Priority'. The first row contains 'Event Categories' and '6'. Underneath the table, the text 'Monitoring Groups:' is followed by 'Select All | Select None'. A blue bar highlights 'Monitoring Group 0'. At the bottom of the interface, there are several navigation links: 'PREVIOUS', 'NEXT', 'DISPLAY NOW', 'DOWNLOAD (PDF)', 'DOWNLOAD (RTF)', and 'SEND EMAIL'.

Report Parameters

- **Monitoring Groups** - Filters the report based on the selected group(s).
