

# Monitoring Types

The **Monitoring Types** Master File report returns the details of the Services created for data and accounting management in Manitou.

The screenshot shows the 'Monitoring Types' configuration page. At the top, there is a progress bar with two steps: 'MAIN' (active) and 'DISTRIBUTION'. Below this, a table shows the title 'Monitoring Types' and a priority of '6'. The 'Customer Types' section includes a dropdown menu with options: 'Any Customer Type', 'Residential', 'Commercial', and 'Commercial Fire'. The 'Monitoring Level and Attributes' section has four checked checkboxes: 'Customer', 'System', 'Sub-System', and 'Transmitter'. To the right, there are two more checked checkboxes: 'Include Billing Detail' and 'Include Limit Quantities'. At the bottom of the page, there are navigation links: 'PREVIOUS', 'NEXT', 'DISPLAY NOW', 'DOWNLOAD (PDF)', 'DOWNLOAD (RTF)', and 'SEND EMAIL'.

## Report Parameters

- **Customer Types** - Filters the report details based on the type of customer to which the service(s) is (are) tied.
  - **Monitoring Level and Attributes** - Filters the level applied to the service(s).
  - **Include Billing Detail** - Returns the Billing data related to the service(s).
  - **Include Limit Quantities** - Returns the quantities, if available, tied to the service(s).
-
