

Permit Types

The **Permit Types** Master File report returns the Permit Types available for use when adding permits to customer records. These are restricted to one (1) per Authority type and country.

The screenshot shows the 'Permit Types' report interface. At the top, there is a progress indicator with two dots, the first labeled 'MAIN' and the second 'DISTRIBUTION'. Below this, the report title 'Permit Types' and 'Permit Types report.' are displayed. The main content area is divided into three filter sections: 'Country' with 'United States of America' selected, 'Authority Type' with 'Police', 'Fire', and 'Medical' selected, and 'Permit Type' with 'General', '(Police) Intruder', '(Police) PA', and '(Police) Line Fault' selected. Below the filters is a 'Group by' section with radio buttons for 'Country' (selected), 'Authority Type', and 'Permit Type'. At the bottom, there are navigation buttons: 'PREVIOUS', 'NEXT', 'DISPLAY NOW', 'DOWNLOAD (PDF)', 'DOWNLOAD (RTF)', and 'SEND EMAIL'.

Report Parameters

- **Country** - Filters the report results based on the country, or countries, selected.
- **Authority Type** - Filters results based on the authority, or authorities, selected.
- **Permit Type** - Filters the results based on the permit type, or types, selected.
- **Group by** - Determines how to return the report results.
