SWS - Forms in the Report Menu - System Reports - Master File Reports - Service Provider Device Types

Last Modified on 08/05/2024 12:47 pm EDT

The Service Provider Device Types Report displays all the Service Provider Types in Manitou.

Generating a Service Provider Device Types Report

Perform the following steps to generate a Service Provider Device Types Report:

1. Navigate to the Reports menu, and select "System Reports".

   Result: The "System Reports" Navigation Tree displays as shown in the following screenshot:

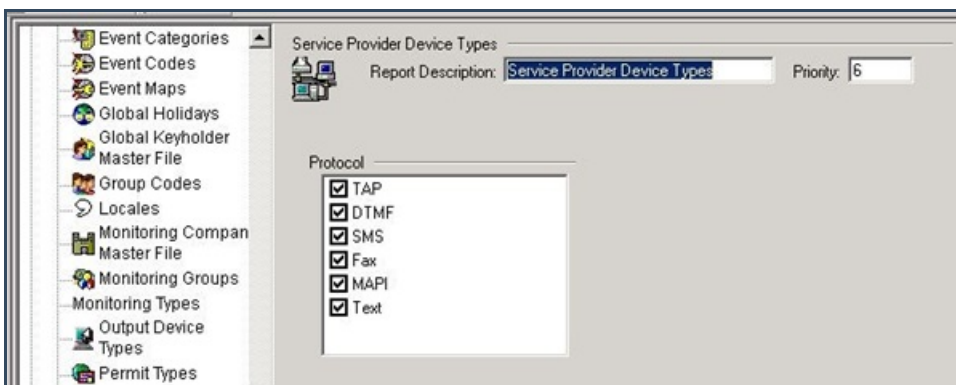

2. Click the "Master File" Navigation Tree Node.

   Result: The Master File section of the Navigation Tree expands as displayed in the following screenshot:

3. Double-click "Service Provider Device Types".

   Result: The "Service Provider Device Types" form displays as shown in the following screenshot:

4. Items in the "Protocol" area of the form display as preselected. Deselect the items you want to exclude from your Report.
5. Click "Next".

   Result: The Distribution Tab displays as shown in the following screenshot:

6. For instructions on distributing your Report, refer to the "System Reports" document.
