

Entity Handling - Report

The **Entity Handling Report** command sends contact and activity report to the selected person(s) with the details of the alarm.

The screenshot shows a configuration window titled "Entity Handling" with a blue header and a dropdown arrow. The window is divided into several sections:

- Entity Handling** (blue header with dropdown arrow)
- Contact** (grey background)
- Notify** (grey background)
- Report** (grey background)
- Action Handling** (white background with right arrow)
- Data Handling** (white background with right arrow)
- Add Line 1** (white background with checkboxes):
 - Show Suppressed Contacts
 - Auto Run
 - Locked
- Contact** (blue text with right arrow) - Report
- Company** (blue text with right arrow) - Alarm Contact (dropdown arrow)
- Customer** (blue text with right arrow) - Send Report To: **Customer**
- Agency** (blue text with right arrow)
- Authority** (blue text with right arrow) - Call Lists

Below these sections are two checkboxes:

- Try (if not found, 'DFLT', then contact points)
- Suspend Until Valid

At the bottom left is the text "Person Type". At the bottom right are two buttons: "CLEAR" and "APPLY".
