

# Dealer Billing Monitoring Types

When billing using Monitoring Services, the Manitou **Monitoring Types** require **Billing Codes**.

Adding a Billing Code to a Monitoring Type

1. Open the **Supervisor Workstation**.
2. **Navigate** to the **Monitoring Types**. Maintenance Menu, Setup, then Monitoring Types.
3. Locate and edit the appropriate services.

The screenshot shows a software window titled "Monitoring Types" with a toolbar icon of a wrench and screwdriver. The window contains the following fields and values:

Attribute:	Report Service
Description:	Monthly Activity Reports
Customer Sub Type:	[Empty]
Monitoring Level:	Customer
Billing Code:	RPT_ACTIVITY_1MO
Heading Code:	[Empty]
Add Code:	[Empty]
Limit Code:	[Empty]
Limit Type:	[Empty]
Limit Quantity:	0
Repeat Unit:	Months
Repeat Interval:	1
Report ID:	Customer Activity

4. **Save** the Record.
