

Manitou Overview Shortcut Icons

The Header displays HOME upon arrival into Manitou.

Manitou Web Client Header

Shortcut Icons

The Shortcut Icons may be customized to user preferred icons. This allows quick access to the features the user accesses most often.

Common Icons

Alarm Queue

The Caution icon represents the Alarm Queue. This is default on all shortcut icons and is disabled if the user doesn't have access.

Customer Add

The Customer Add icon loads the [New Customer Wizard](#).

Customer

The Customer icon launches the quick search for a customer record.

Authority

The Authority Icon opens the Authority Search.

Dealer

The Dealer icon launches the Dealer Search. If a customer is active, the system loads that customer's dealer record.

On Test

The On Test icon opens the On Test form and allows the selection of which account to place on test. If there is an active customer, the system loads that customer.

Edit

The Edit pencil allows for the customization of a user's shortcuts.
